

 **Blue Sky Industries, Inc.**

One Source. One Ally. Blue Sky.

OUR COMMITMENT TO QUALITY

Blue Sky maintains a quality assurance system that effectively fosters quality throughout all of our operational processes, ensuring to always deliver a quality product that fittingly tend to your custom requirements. With your shipment, we will always include the full traceability documentation including manufacturer test reports or FAA Form 8130 certifications.

Orders are routinely shipped the very same day that orders are received, Blue Sky products arrive carefully packaged in accordance with ATA and DOT standards on time and as needed. We are fully EDI capable using Spec 2000 and Aeroexchange Services.

COMPLETELY CERTIFIED FOR AVIATION EXCELLENCE

Blue Sky Industries is a fully capable supplier, proven through our numerous certifications for meeting and exceeding industry standards and requirements. Ensuring product, service and business excellence for customers, we have achieved, maintain and continually update our certifications with:

- Eagle Registrations Inc.
- AS 9100 and ISO 9001 Registered Quality System
- Southern California Minority Business Development Council (SCMBDC)
- Aviation Suppliers Association

SERVICE THAT SOARS ABOVE THE REST

Serving the aviation industry on a global scale, Blue Sky supports air transport users with first-class customer service. By offering superior support with the most competitively priced products on the market today, we ensure you enjoy total value not to mention peace of mind.

Founded in 1992, Blue Sky operates in a state-of-the-art, ISO 9001:2000-certified facility in California—just 30 minutes from Los Angeles International Airport (LAX). Specifically, we serve OEMs, airlines, FAA repair stations, corporate aircraft operations and U.S. government organizations, specializing in NAS, MS, AN, HLT, BACB, NSA and ASNA aerospace fasteners and aircraft spares.

We are a Boeing-approved D1-4426 distributor for West Coast Aerospace and AHG France. Our other major approvals include The Boeing Company, EADS, Northrop Grumman, Bombardier, Gulfstream Aerospace, Pratt & Whitney, Lockheed Martin and Spirit AeroSystems.

- Vendor Managed Inventory System
- Stock Replenishing Programs
